Summary

Software Developer with nearly 1 year of experience in developing and implementing efficient and scalable web applications. I am proficient in React, Java, and PHP, possessing a strong foundation in both front-end and back-end development. I thrive in Agile environments and excel at collaborating with cross-functional teams to deliver high-quality software solutions.

Work Experience

Jr Developer
Hemas Enterprises Private Limited

Apr 2022 to present (1 years, 6 months)

- Designed and developed responsive user interfaces using React.js, enhancing user experience across multiple devices
- Implemented backend functionalities with Java and Spring Boot, focusing on RESTful API development, which improved data processing speed by 15%.
- Addressed and resolved complex technical issues, leading to a reduction in system downtime and an improvement in user satisfaction.
- Reduced page load times by 30% through optimized React components and successfully integrated a complex API within a short deadline, improving data retrieval speed by 20%.

Education History

HSC St. Anne's Girls Hr. Sec. School Year of Completion : 2019	56%
SSLC St. Anne's Girls Hr. Sec. School Year of Completion : 2018	89%

Technical Skills

Front-end Technologies: React, HTML, CSS, Javascript, JQuery
Back-end Technologies: Java, Spring Boot, PHP
Databases: MySQL, MongoDB
Version Control: Git, GitHub
Tools: Visual Studio Code, Eclipse, Postman

Certifications

PHP Full Stack Developer Course

CK Edge

Duration: Jan 2023 - Apr 2023

Projects

Music Website Development

Web application focused on music streaming app.

- Developed dynamic and visually engaging user interfaces with React.js and Material UI.
- Implemented responsive web pages using React, ensuring cross-browser compatibility and optimal performance.

E-commerce Website

An e-commerce platform for online shopping.

- Built a responsive e-commerce website using React and Spring Boot.
- Integrated user authentication, product listing, and shopping cart functionalities.
- Used MongoDB for database management, ensuring fast and reliable data transactions.

Strengths

Efficient Code Development

Demonstrated ability to write clean, efficient, and well-documented code, improving system performance and maintainability

Collaboration and Teamwork

Successfully collaborated with cross-functional teams, enhancing project outcomes and team efficiency.

Problem-Solving

Demonstrated expertise in identifying and resolving complex technical issues, ensuring seamless operations and maximizing user satisfaction

Continuous Learning

Committed to continuous learning and staying updated with the latest industry trends and technologies.

Achievements and Contributions

Video making

First place in 'Creative Video Making' competition at college.

Volunteer Work

Active NSS Volunteer, contributing to community service and leadership activities.
